

ORCHESTRA

Birdsall
Grain & Seed LLC.
"A Farmer's Seed Company"

Orchestra is a semi-leafless yellow pea variety that exhibits an indeterminate flowering habit that allows it to respond well to high moisture environments.

Early indications show *Orchestra* to have the potential for **higher yields without sacrificing protein content**. Seed counts typically fall between 1,600 and 1,800 seeds per pound.

	Langdon 2022	Richland 2022	Langdon 2023	Richland 2023
Orchestra	63.6 bu/a 26.8% protein	44.2 bu/a 26.6% protein	61.1 bu/a 25% protein	51 bu/a 25.9% protein
AAC Profit	49.4 bu/a 25.4% protein	39.4 bu/a 25.4% protein	65.6 bu/a 24.9% protein	51.1 bu/a 24.6% protein

■ Over multiple private trial locations, *Orchestra* has consistently yielded similarly to one of the best yellow peas on the market, AAC Profit, while maintaining higher protein.

■ *Orchestra* brings a great combination of high protein and high yield to the yellow pea grower looking for a new option.
